

At 8 a. m. the livestock trials and showing contest will be held, followed by quailty. The junior style revue will be held at 12:30 p. m. and the senior style revue at 2:30 p. m.

The tractor driving and tree

district competition. All blue ribbon dress revue winners are eligible as well as one team from each county in Junior, intermediate and senior division of agriculture and home economics demonstrations.

"Harder than give up an old shirt" will precede an orchestra looking after a musical party," Dr. Walsh said.

# Rites Honor John Thorne At Services

SHOSHONE, Sept. 12.—Funeral services were held for John Thorne at 10 a. m. Wednesday at the Shoshone LDS church and at 2 p. m. at the Rockland LDS church.

At Shoshone, Perry Hadlock, counselor in the bishopric, conducted, while at Rockland, Bishop May was in charge.

Speakers at Shoshone were President Del S. Hilt and Glenn L. Sorenson. Musical numbers included a vocal solo by Mrs. Velma Allen, accompanied by Mrs. Allen, and a piano solo by Mrs. Allen. Mrs. Allen, accompanied by Mrs. Allen, and a piano solo by Mrs. Allen.

Mrs. Allen played the organ and piano at Shoshone and Rockland. She also sang at the Rockland service.

Bishop J. O. Stimpson gave the eulogy at both services. Speakers at Rockland were a nephew, Enoch Thorne, Ogden, Utah, and Irvin Most. The Rockland ward also sang there.

Family prayers were given by R. B. Wilburn, Ontario, Ore., and A. L. May, Rupert, both brothers-in-law.

Intercessions were by J. O. Freeman, Shoshone, and President Hilt, Rockland. Rockland intercessions were by Henry C. Edgington, Shoshone, and A. J. Watts, American Falls. Memorial book readings were Mrs. Lawrence B. Allen, Shoshone, and Mrs. Greta Kelly, Rockland.

Granddaughters were flower girls, and the ward Relief Society in each service. Grandsons were honorary pallbearers. Active pallbearers were sons, Robert Thorne, Murlough; Harold Thorne, and Burton Thorne, Shoshone; Delton Thorne, Wells, Nev.; Glen Thorne, Idaho-Falls, and Layton Thorne, Watsonville, Calif.

Mr. Thorne's son-in-law, Garth Halloway, Twin Falls, gave the "private dedication" at Valley View cemetery, Rockland.

## Reasons Cited for Need to Give Blood at T. F. Drawing

The Red Cross blood program is a life saver. It saves thousands of lives each day, all over the world, via transfusions in surgery, during childbirth and in treatment of accident injuries.

For this reason, blood donors are needed desperately all the time. Also needed are names of people who are blood types, so that when a rare type is needed a donor is chosen from the list.

The Red Cross bloodmobile will be at the Twin Falls American Legion hall from noon to 6 p. m. Monday. The quota for Twin Falls is set at 200 pints. The blood drawing hours are two hours longer this time due to the observance of the Red Cross' 100th anniversary. A Centennial pin will be given to each donor.

The Red Cross blood program is credited, along with modern medicine and doctors, with saving the lives of W. A. Grive, father, and Mrs. Anna Lou McKinnan, Twin Falls.

Others had a gall bladder operation this summer and used a total of six pints of blood. Three pints were from the blood bank and three were from walk-in donors.

Mrs. Elton Basom, executive secretary of the Twin Falls Red Cross chapter, explains walk-in donors are donors who walk into the hospital or doctor's office and give a pint of blood which is given immediately to the patient. Grive, who was in the hospital for 33 days, now is on the way to recovery. He has been home three weeks now.

Part of the blood Grive used was replaced by friends and relatives when the blood drawing was held in Jerome last month. The rest of the blood is expected to be replaced Monday during the drawing in Twin Falls.

## Richfield Sets Teacher Event

RICHFIELD, Sept. 13.—Richfield teachers will be honored at a reception at 8 p. m. Thursday. Richfield PTA unit sponsors the event, to be held at the high school. The public is invited.

Hosts and hostesses will be high school room parents named by Mrs. Lester McClintock, room parent chairman.

They are Mr. and Mrs. Ralph Wiley, Jr., Mr. and Mrs. Carl Wiley, seniors, Mr. and Mrs. W. Z. Prael, Mr. and Mrs. Harold Williams, juniors, Mr. and Mrs. Fred Peterson, Mr. and Mrs. Alfred Cramer, sophomores, Mr. and Mrs. Charles Maestas, Mr. and Mrs. Harold Fridman, freshmen.

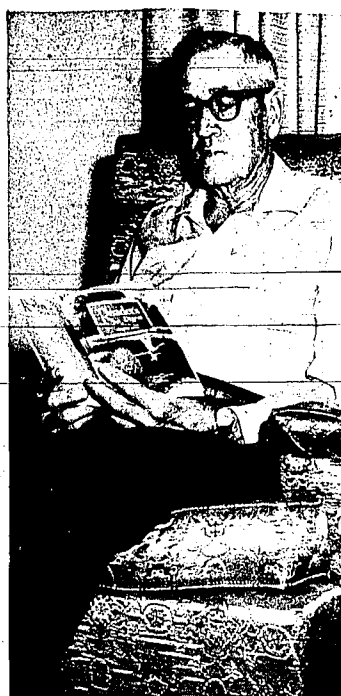

Room parents will also supervise the PTA during the school year.

### Grange Elects New Officers For Wendell

WENDELL, Sept. 13.—Officers were elected when Wendell Grange No. 43 members met Tuesday night, reports Master Richard Jasper.

New officers are Ray Ruby, master; Lyle Lower, overseer; Mrs. Lyle Lower, chaplain; Adolph Kuching, steward; F. Holmquist, assistant steward; Richard Jasper, gatekeeper; Mrs. Ray Ruby, lecturer; Elmer Johnson, treasurer; Mrs. Arthur Henry, secretary.

Mrs. Henry Schmidt, Cecelia Mrs. Elmer Johnson, Clara; Mrs. Joe Stickle, Pommia; Mrs. A. F. Holmquist, lady assistant steward; Joe Stickle, executive committee for three years; and Mrs. Elmer Johnson, home economics chairman.

### Play Day Set For Wendell Riding Club

WENDELL, Sept. 13.—Wendell Rangers Riding Club met Tuesday night at the arena located south of Wendell for practice and planning for the Sunday play day.

Meeting with the rangers were Mr. and Mrs. Carl Roland, Mrs. Wayne Page, Mr. and Mrs. John Harma, Mrs. Buford, and Mrs. Criville Henry.

The club was grouped in teams of five according to age and each team and each rider will participate throughout the week for specific races in which they will participate for the fun day.

An added attraction will be featured on the Sunday program. At 4 p. m. Wellington Leabo, Gooding, will give a demonstration with his American walking horse. The horse is five gaited. The bull riding club will be guests of the Wendell riding club. The play day will begin at 2 p. m. and the public is invited to attend. Entrance is free. The play day will be held at the arena, located south of Wendell. The play day will be held at the arena, located south of Wendell. The play day will be held at the arena, located south of Wendell.

### Airlines Agent Named at Hailey

HAILEY, Sept. 13.—Merrill Blingham has been named to replace Richard Miller as passenger agent at West Coast Airlines' Hailey office, according to information by William Warfield, senior agent.

Blingham is a graduate of Burley high school and attended the University of Idaho a year and Rick's college another year. He completed a two-year mission for the LDS church in the Southern states and did a six months tour of active duty in connection with his membership in Idaho national guard.

### Citations Given In Rupert Crash

RUPERT, Sept. 13.—Elmer L. Smith, 41, Paul, was cited for failure to yield the right of way when the 1957 Buick sedan in which he was driving was involved in a two-car collision at Fourth and B streets in Rupert Wednesday.

Carl Richardson, 27, Albion, driving a 1958 Chevrolet was cited for driving with an expired driver's license.

### Richfield Plans Booster Night

RICHFIELD, Sept. 13.—Booster night was planned by the Richfield Grange at the initial fall meeting held Wednesday evening at the Grange hall.

The booster night meeting will be held at 7:30 p. m. Sept. 25 at the Methodist recreation room. A no-host dinner will be featured with prospective members as guests.

Area planting of Gaines was discussed with articles read by Glen Root, Eugene Alexander and a report by Burl Akina.

Mrs. H. A. Rose, reported for the country committee and Mrs. Agnes Powell for the fair booth committee.

Clark Hand, Jr., served refreshments, assisted by his daughter Mrs. Rex Flavel.

### Remember When?

By BOB REESE

They called him the "Wild Bull of the Palms" and he was a real man of the hour. On one night famous in boxing annals, he almost became heavyweight champion of the world.

### Chamber at Rupert Hears Officer Talk

RUPERT, Sept. 13.—Kenneth Barclay, probation officer for Minidoka county, reported on the work of his office since taking over the post July 1, at the Chamber of Commerce Thursday noon weekly luncheon meeting at the Herring cafe.

Barclay explained he is working in connection with the probation department, the state board of health and as probation officer of Minidoka county. He said since coming to Minidoka he had worked with many juveniles and other offenders.

Barclay reported that at present he is working with approximately 60 juveniles, both as a probation officer and a parole officer.

A short question period followed, with the subject of school dropout discussed. It was felt that perhaps some type of vocational training is needed for those who can't handle academic work in high school.

President Wayne Anderson asked members to be aware of the current election calendar in the local chamber office.

He reported that a number of conflicting dates for events had stressed the need for a calendar which will let local organizations plan ahead.

Fred Fricke reported in working in other towns, secretaries of the various organizations are usually responsible for clearing the dates.

Guests of the club was the Rev. Leonard Meisner, recently installed minister of Trinity Lutheran church in Rupert.

### Promoted

PIPER, Sept. 13.—Gary L. Woodruff, who is employed by the General Telephone company in Bonanza Perry, has been promoted to engineer in the firm's general office in Spokane, Wash.

His wife is the former Joanna Jasper, daughter of Mr. and Mrs. Julius Jasper, Piper. The Woodruffs and their son have purchased a house in Spokane and will move soon.

## Nevada Governor Supports Gaming Board

CARSON CITY, Nev., Sept. 13.—Gov. Grant Sawyer today signed legislation creating a gaming control board which is attempting to revoke the gambling license of singer Frank Sinatra on grounds of association with hoodlums.

Sawyer said it would be improper for him to comment on the Sinatra case until the charges are proved or disproved.

However, threats, bribery, coercion and pressure will not be tolerated and the full weight of the state's gaming control machinery will be brought to bear on any person who wishes to test Sinatra's gaming authorities.

"Nevada's gaming authorities don't accept a bribe from the police and no man, regardless of his wealth, social status or business and political connections, is bigger than this trust."

The control board filed a complaint Wednesday charging that Sinatra and his staff at the Cal-Neva hotel at Lake Tahoe had catered to Sam Giancana, 54, Chicago underworld figure.

The board said Giancana visited the plush resort in July and Sinatra and the staff knew it but made no effort to oust him.

Giancana is one of 11 persons listed in Nevada's "black book" who are not welcome in Nevada gambling halls and casino operators can lose their license if they cater to them.

Nevada's gaming authorities don't accept a bribe from the police and no man, regardless of his wealth, social status or business and political connections, is bigger than this trust."

Giancana is one of 11 persons listed in Nevada's "black book" who are not welcome in Nevada gambling halls and casino operators can lose their license if they cater to them.

Nevada's gaming authorities don't accept a bribe from the police and no man, regardless of his wealth, social status or business and political connections, is bigger than this trust."

The control board filed a complaint Wednesday charging that Sinatra and his staff at the Cal-Neva hotel at Lake Tahoe had catered to Sam Giancana, 54, Chicago underworld figure.

The board said Giancana visited the plush resort in July and Sinatra and the staff knew it but made no effort to oust him.

Giancana is one of 11 persons listed in Nevada's "black book" who are not welcome in Nevada gambling halls and casino operators can lose their license if they cater to them.

Nevada's gaming authorities don't accept a bribe from the police and no man, regardless of his wealth, social status or business and political connections, is bigger than this trust."

BIRD SEASONS OPEN SATURDAY MORNING

Grouse and Partridge Shooting Starts at Dawn: Varied Success Expected

The upland game bird season starts in southern Idaho at dawn Saturday with grouse, forest grouse, chukar and Hungarian partridge and quail providing the targets. Seasons vary from the short two-day season on sage grouse in most areas to the chukar season which extends through Dec. 31 in some of the counties opening Saturday. Hunting will range from poor to good for grouse, according to Charles Blake, Jerome, Idaho.

Rebel Move Threatening Olympics

NEW YORK, Sept. 13 (AP) — A rebel movement by a pair of athletes in the Soviet Union is threatening to put a big crimp in the famed Olympic games. The instigators are Indonesian, supported by the International Olympic committee, and Communist China, which walked out of the IOC in 1955 because of the recognition of Formosa. Smack in the middle of the IOC is a shift because of the recognition of Formosa. Officials of the International Olympic committee declined immediate comment, but it was obvious there was widespread concern over the explosive situation. Apparently out of spite over the country's suspension by the IOC growing out of Indonesia's snub of Japan and Nationalist China in the Fourth Asian Games last year President Sukarno of Indonesia has announced plans for a giant sports festival to be known as GANEFO.

The letters stand for "Games of the New Emerging Forces." The site is Jakarta, Indonesia. The dates are Nov. 10-22 this year.

These games are being set up blatantly in opposition to the so-called "imperialistic" Olympics. Plans are to stage them every four years—just as in the case of the Olympics—falling the year before the Olympic year. The 1964 Olympics are scheduled for Tokyo.

Forty-three nations have been invited to the GANEFO games, principally those in Asia, Africa and Latin America.

Two Top Net Stars Win in Second Play

FORT WORTH, Sept. 13 (AP) — Top-seeded Chuck McKinley and U. S. singles champion Rafael Osuna surged through the rain-threatened second round of the Colonial National Invitation tennis tournament Thursday. McKinley, reigning Wimbledon champion, and Osuna, seeded second behind him, encountered trouble in the move into the quarter-finals.

McKinley dropped the first set to stubborn Jack Jackson of Tuscaloosa, Ala., before buckling down to a 3-6, 6-1, 6-2 triumph over the Trinity University-bound teen-ager.

ROOKIE OUTFIELDER Jimmy Hall, who set an American league record for number of homers (32) in first season, receives hall and congratulations from Minnesota Twins president Calvin Griffith. Hall's record-breaking homer came in the eighth inning against Cleveland Thursday. His homer was one more than Ted Williams hit as a rookie at Boston in 1959. (AP wirephoto)

26 Harness Horses Die In Maine Fire

LEWISTON, Me., Sept. 13 (AP) — A raging fire in the Lewiston Fairgrounds stable area early Thursday killed 26 harness horses, including three owned by Maine Gov. John H. Reed.

Some of those rescued were led out of the burning building, while others were turned loose from nearby barns as a precautionary measure.

Track officials estimated the building loss at \$60,000 to \$65,000. Unofficial estimates placed the value of the dead animals at approximately \$100,000.

PLAYFUL, FOGK is taken by world heavyweight champion Henry Liston at promoter Peter Kneenan in Glasgow, Scotland, where Liston wore his champion's bagpipes and hung a discreet hint on cheek of pretty girl. He made a big hit with heels. (AP wirephoto)

GLASGOW, Scotland, Sept. 13 (AP) — Henry Liston, wearing a kilt and tam o' shanter and playing the bagpipes, claimed Thursday night that the friendly hosts had made a new man of him. "The world heavyweight boxing champion was a much hit as he went about Glasgow in his kilt and tam o' shanter, playing the bagpipes and banging children on his knee."

the true old-style Kentucky Bourbon always smoother because it's slow-distilled

BIG SIX EYES ON OREGON AND OREGON STATE

Conference Expansion Will Be Explored at Top-Level Meeting Soon

STANFORD, Calif., Sept. 13 (AP)—Possible expansion of the Big Six conference to include Oregon and Oregon State will be explored at a top-level meeting of school officials in the near future, President Wallace Sterling of Stanford said Thursday.

Dr. Sterling placed no measure on the matter of time, but told the newsmen, "I gather you have the general impression of the way the wind is blowing, and before long we will have a larger conference."

Oregon and Oregon State were members, along with the current Big Six schools and Idaho, in the now-defunct Pacific Coast conference, which split out of existence amid bickering and quarreling. In addition to Stanford and California, the current conference members are Southern California, UCLA, Washington and Washington State.

Homers Lead Phillies Over Houston 4-1

PHILADELPHIA, Sept. 13 (AP)—Roy Sievers hit a two-run homer and Tony Taylor a bases-empty homer, leading Philadelphia to a 4-1 victory over Houston Thursday night before 2,849 fans, smallest crowd in Connie Mack stadium this season.

FIRST OF MANY engineers and scientists who will be stationed at the Snake River Conservation Field station, Kimberly, is Allen S. Humphrey, Boise. A research agricultural engineer, he was transferred here last week. His wife and four children accompanied him and are residing in a new house on the station grounds. His first project at the new field station will have to do with a system of automatic gates and checks, as well as water measurements for ditches. (Times-News photo)

## T. F. County Agent Lists Dairy Report for August

Dairy cows on production testing in the Twin Falls county Dairy Herd Improvement association during August, averaged over 33 pounds of butterfat per cow and over 910 pounds of milk, down a little from July, reports County Agent Donald Youst.

The production figures include all cows on test, including dry cows. The August reports of testing supervisors Jack McCormick, Buhl and Virgil Worcester, Twin Falls, showed that 2,730 cows were on test, with 2,873 in production, and 357 dry cows.

In large herds of more than 50 cows, Lammer's dairy, Buhl, had the high production average of 48.5 pounds of butterfat, 1,192 pounds of milk, with 100 cows milking of a total of 111.

Other large high-producing herds with butterfat, milk, total cows and number in production are: Calvin Oraysool, Castleford, 44.4, 1,241, 78 and 60; Boren and Gerald Jensen, Buhl, 41.6, 1,187, 95 and 92; T. W. Richmond, Buhl, 40.0, 1,176, 63 and 60; Alvin and Stan Smulley, Twin Falls, 39.0, 1,123, 78 and 75; Lawrence Knibbs, Piler, 37.4, 1,066, 61 and 47; M. R. Colburn and son, Buhl, 34.0, 897, 104 and 64; Carl Harder and son, Buhl, 33.8, 756, 114 and 60; and Cory brothers, Buhl, 32.3, 638, 70 and 63.

In the medium size herds of 25-50 cows, Warren Hart, Buhl, topped the list with 44.8, 1,500, 30 and 23.

Other high producing herds are: Irvin Ehlers, Twin Falls, 42.5, 1,219, 48 and 43; Vernon Lassen, Piler, 41.0, 853, 40 and 40; Glen Buschendorf, Buhl, 40.4, 1,164, 25 and 23; Jay Miracle, Buhl, 40.3, 1,000, 28 and 28; Dale Williams, Piler, 39.3, 1,100, 41 and 40; Roger Stafford, Kimberly, 38.5, 1,147, 37 and 32; L. D. Major, Buhl, 37.1, 950, 27 and 27; John Kincaid, Buhl, 35.1, 1,088, 38 and 32; Lynn Engle, Piler, 34.9, 1,000, 30 and 26; Gustafson Dairy, 32.8, 890, 47 and 43; Clyde Wright, Piler, 34.5, 1,011, 43 and 38; Russell Higgs and Marthaugh, 34.5, 945, 30 and 28; Van Garand, Twin Falls, 33.0, 811, 43 and 37; Howard Myers, Buhl, 33.5, 881, 34 and 27; Dean Smith, Buhl, 32.9, 700, 27 and 25; and Marion Tanner, Twin Falls, 32.4, 1,043, 27 and 21.

Small herds, of under 25 cows, was led by William Akins, Buhl, with 50.3, 1,402, 12 and 12.

Other high producing herds are: Randolph Peterson and Son, Buhl, 48.0, 1,236, 22 and 20; Dietrich, Twin Falls, 42.9, 1,120, 21 and 20; Everett Andrich, Kimberly, 41.6, 1,275, 16 and 15; Buhl; Gregory, Piler, 38.8, 1,231, 23 and 23; Ben Shinn, Buhl, 38.4, 782, 20 and 20; Joe White, Piler, 38.4, 961, 20 and 18; Frank McMillin, Twin Falls, 37.3, 1,001, 17 and 15; Dale Jordan, Buhl, 36.1, 1,094, 19 and 18; Bernard Hoffman, Twin Falls, 35.8, 903, 21 and 10; H. J. VanZante, Buhl, 35.3, 843, 19 and 17; Ernest Theurer, Piler, 33.1, 874, 24 and 22; E. W. Hall, Buhl, 33.5, 888, 9 and 9; Kyle Hall, Buhl, 34.9, 971, 13 and 12; Carl Leonard, Piler, 34.4, 992, 10 and 10.

### Date Changed

HAILEY, Sept. 13 — Diverted acres laid aside for 1963 wheat and feed grain programs can be changed after Oct. 1, instead of Nov. 1, which was the date announced at the date of sign-up. Jack Alfred, chairman of the Blaine Area office, made the announcement Tuesday.

## Farm Bureau Voices Opposition to Legislation for Dairy Production

KANSAS CITY, Mo., Sept. 13 — Farm Bureau leaders from 35 states, hotel attended by more than 100 Farm Bureau leaders from 35 states, Senator Proxmire's bill would regulate production of fluid milk and provide direct government payments to participating farmers was voiced here by Charles B. Shuman, president American Farm Bureau federation.

He addressed a national dairy conference in the Continental

permit further improvement in the national supply-demand situation for the dairy industry. Shuman reported that since the level of dairy price support has been lowered to 76 per cent of the parity equivalent on April 1, 1962, substantial improvement in the national supply-demand situation has resulted.

## National 4-H Committee Offers Six Scholarships

CHICAGO, Sept. 13 — Six scholarships with a total value of \$8,000 are available to present 4-H club members, the National 4-H Service committee announced.

Freshmen planning to major in or minor in forestry can apply for one of four \$1,500 scholarships, the largest offered to the national 4-H awards program.

Two other scholarships for \$800 each are available to college juniors or seniors majoring in courses dealing with crop production or crop protection. The major study areas include agronomy, soils, entomology, plant pathology or horticulture.

Shuman also pointed out that if the allocation plan failed to reduce market surpluses, which he said is highly probable, pressure would mount for nationwide production controls.

The allocation plan also could lead to lower income for dairy farmers as they cut production, the farm leader said.

Farm Bureau in testimony before congressional committees has maintained that present laws providing for the dairy price support program and the current federal milk marketing order program are adequate to

also, donor of the \$200 scholarships are offering for the seventh straight year this opportunity for six young people to continue their education.

Scholarship candidates should submit applications to the State 4-H club leader now to allow time for processing and forwarding to the National 4-H Service Committee by Oct. 30.

Final judging is done here by Cooperative Extension Service personnel.

**LARGE DRYING OVEN** is completed for use in connection with research at the government's Snake River Conservation Field station near Kimberly. Oven is complete with a drying rack five feet high, 12 feet long and four feet wide. Mounted on casters, the racks can be removed from the oven. A. R. Robinson, director, looks over one of the racks which will be available to all departments at the station. (Times-News Photo)

## Open House Date Is Set At Field Testing Station

(Continued from Page 17) With adequate assistants and equipment for necessary teamwork and research progress. With three types of agriculture and eight areas of work, certain of the research leaders will be involved in more than one type of agriculture or area of work.

The director pointed out that the research facilities consist of standard soil chemistry, fertility, physics, mechanics, and microbiology laboratories, an engineering laboratory, a large irrigation and drainage laboratory and specialized isotopes, physiology and constant temperature laboratories. Soil and plant processing facilities are included in a major greenhouse-headhouse facility.

At a later date, weighing instruments will be installed.

The buildings are located on 11 acres of land which was donated for the purpose by the Chamber of Commerce of Twin Falls and Kimberly. This site is 10 miles from the city.

Personnel stationed at the station will consist primarily of all scientists and engineers. Engineers will include specialists in irrigation, drainage, mechanics and hydrology. Soil scientists will include those who have specialties in soil physics, chemistry, soil fertility, microbiology and soil-water relationships. In addition, the staff will include those trained in soil and range conservation, agronomy, and meteorology.

From the standpoint of personnel, it is intended to provide a high level of leadership of eight specialists spread over the types of agriculture and program areas indicated.

These leaders will be provided

with adequate assistants and equipment for necessary teamwork and research progress. With three types of agriculture and eight areas of work, certain of the research leaders will be involved in more than one type of agriculture or area of work.

## What About It! Which Saves Most?

What's the difference between "trading stamps" and co-op refunds?

Both are a form of discount on goods or services purchased.

Giving "trading stamps" to customers in proportion to their purchases is a common practice among many businesses. When they are redeemed for cash or merchandise at some later time, they reduce earnings of the company.

Co-op refunds are somewhat like discounts except that they are paid at the end of the business year. The percentage of "discount" is set high enough to disburse all the annual surplus funds of the co-op. After those refunds have been made, there are no earnings left.

THE DIFFERENCE THEN, IS THE AMOUNT OF THE DISCOUNT. Co-op refunds are generally much greater, of course, because the co-op is owned by those who buy from it and was organized to give service at cost.

Everyone shares in  
**CO-OP BENEFITS**

Published to help you better understand why co-ops are organized, how they work, and their place in American business.

# U.S. Estimates American Farmers to Harvest Largest Outpouring of Food

Sept. 13-14, 1953  
Twin Falls Times-News 21

## Work Survey Shows Slight Increase

BOISE, Sept. 13—An estimated 95,000 persons were employed on Idaho farms during the survey week of July 21-27, 1953, according to crop reporting service. This compares with 94,000 workers during a comparable week in July, 1952 and the five-year July average of 94,000 workers. Family workers, including farm operators, totaled 55,000 persons, 2,000 less than a year earlier and 1,000 less than the 1951-52 average. The number of hired workers in excess of 37,000 in July, 1953, was 1,200 more than the 1951-52 average.

Nationally in the late July survey week, 2,965,000 persons were working on farms, slightly more than the record low for the comparable period reported for last year.

Last year the crop timing and progress of work earlier in the season appeared to hold the July work force below the normal level for the period. It also appeared that the increased activity during the July, 1953 survey week.

## MILK TOTAL DOWN

BOISE, Sept. 13—Milk production in the United States is estimated at 10,555 million pounds for August. This is a high per cent below a year ago and one per cent below average, says U.S. Department of agriculture.

## Farm Youngsters Have Edge In Agriculture Profession

NEW HOLLAND, Pa., Sept. 13—When it comes to preparing for a career youngsters reared on the farm have an undue advantage over those urban counterparts.

Most farm boys and girls have years of on-the-job training in agriculture by the time they finish school—something few youngsters interested in other types of careers can claim.

Figures show that a "seller's market" demand exceeds supply—exists today in the field of agricultural careers. There are

## Shorn Wool Prices Will Start Slump

WASHINGTON, Sept. 13—The agriculture department has predicted prices received by growers for shorn wool will decline moderately during the remaining months of 1953.

Wool prices to growers reached a seven-year high of 61 cents per pound in March. Since then, prices have been easing downward.

In a review of the wool situation, the department said the continued decline in prices received for the wool in commercial stocks during the first half of 1953 and the seasonal decline anticipated in mill use of apparel wool during the second half of 1953.

The average price received by U. S. growers for shorn wool in the 1952-53 marketing season (April, 1952-March, 1953) was 47.7 cents per pound. This was \$1.00 worth of wool sold at an earlier and the highest since the average of 53.1 cents in 1951.

The price of wool on the London market was 48.5 cents per pound in early September. This was \$1.00 worth of wool sold at an earlier and the highest since the average of 53.1 cents in 1951.

The price of wool on the London market was 48.5 cents per pound in early September. This was \$1.00 worth of wool sold at an earlier and the highest since the average of 53.1 cents in 1951.

The price of wool on the London market was 48.5 cents per pound in early September. This was \$1.00 worth of wool sold at an earlier and the highest since the average of 53.1 cents in 1951.

## U. S Exports Record Feed Grain Total

WASHINGTON, Sept. 13—The United States exported a record 14.8 million tons of feed grains during fiscal 1953, according to the foreign agricultural service (FAS). The previous record was 14.2 million tons in 1949.

FAS said the increase reflects the growing demand for the feed grain to support "meat expansion" in livestock industries in many countries such as Western Europe and Japan.

Corn was exported in greater volume than any other feed grain, but sorghum showed the greatest increase over the 1951-52 period.

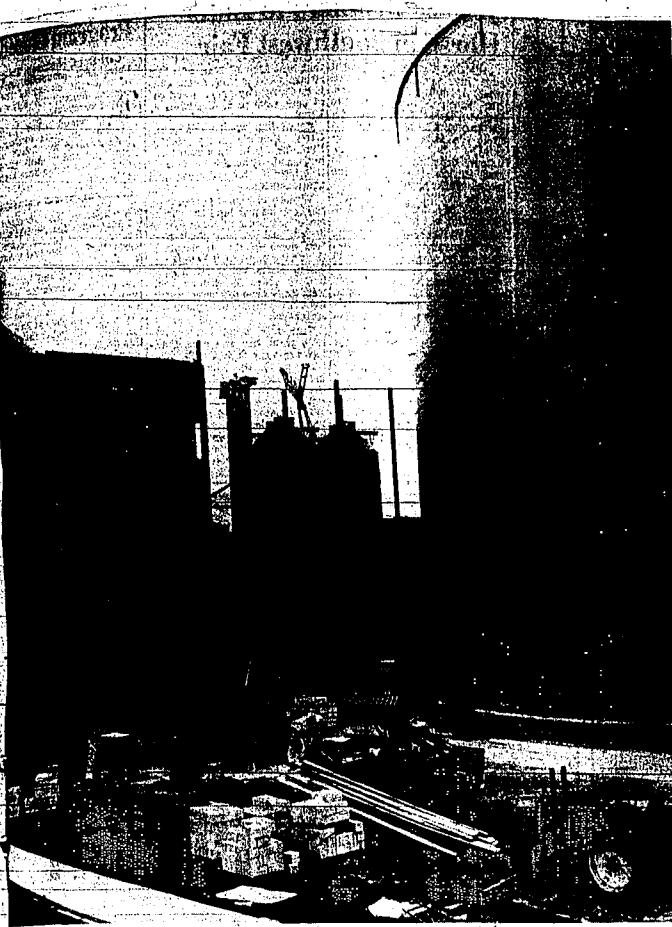

FAS said corn exports in fiscal 1953 totaled 10.1 million tons, compared with 9.9 million tons a year earlier. Canada, The Netherlands, and the United Kingdom were the major destinations.

U.S. exports of oats totaled 332,000 tons, a hike of 23 per cent over the previous year. The increase was due principally to demand in Europe, particularly the common market countries. Shipments to Canada were down sharply.

Barley shipments were down 10 per cent from 1.8 million tons shipped in fiscal 1952.

Exports of grain sorghums amounted to three million tons, up 38 per cent over the previous year.

I'LL NEVER DO IT AGAIN

WORK ON THE INSTALLATION OF bulk sugar storage facility at the Pan-American Sugar company plant near Paul, Idaho. Workers from Chicago Iron Works have erected the 400,000-gallon tank and are in the process of enclosing the sugar conveying system for handling bulk sugar. (Times-News photo)

## New Bulk Storage Tank Constructed at Paul

PAUL, Sept. 13—Construction of a new bulk storage facility at the Pan-American Sugar company plant near Paul, Idaho, is progressing well. Workers from Chicago Iron Works have erected the 400,000-gallon tank and are in the process of enclosing the sugar conveying system for handling bulk sugar. (Times-News photo)

One of the most important factors in storing bulk sugar is to keep it moisture free. It is important that the tank be airtight and insulated. Several other units of insulation and covering will be installed.

It is possible that in the next few weeks the outside cover of the tank will change color several times as it is covered and uncovered.

While in storage, the sugar will be "rotated" and stirred to keep it moisture free. This agitation also will reduce sweating in the tank.

Once completed it will be possible to load railroad boxcars with bulk sugar through a network of covered conveyors. The sugar will move from the tank into sealed boxcars without ever seeing daylight. Several sugar customers have specially designed airtight boxcars to transport bulk sugar.

The Paul plant will start its 14-day fall campaign on Sept. 30. Blauert estimated that some 300,000 tons of sugar will be produced by the plant, sugar beet acreage in the Burley-Paul district is up some 3,000 acres and at this point in the growing season it looks like a good crop and could even top last year's production.

Several changes have been made at the Paul plant. The dry pulp facility is now connected to the main building and several changes in railroad trackage have been made.

Tentative plans call for the construction of additional bulk storage facilities.

## Gem Milk Total Slump Is Noted

BOISE, Sept. 13—The total production of milk in Idaho is estimated at 146 million pounds for July, 1953. This compares with 150 million pounds for July, 1952, and the 1951-52 average July production.

Monthly production declined six per cent this year from June to July compared to the 1951-52 average. The 1951-52 average for June was 15.5 million pounds and for July 14.5 million pounds.

The July output of American cheese and butter also exceeded 1952, by 10 per cent and 10 per cent respectively.

However, July production of creamery butter and ice cream was below last year's level by 10 per cent and three per cent, respectively.

The total market value of farm products was estimated at \$120 million on July 1, nearly \$1 billion dollars more than a year earlier and four billion dollars higher than last March.

These values allowed a corresponding increase in the average value of farm products from \$120 million in July, 1952, to \$125 million in July, 1953. The average value of farm products was \$120 million in July, 1952, and \$125 million in July, 1953.

The average value of farm products was \$120 million in July, 1952, and \$125 million in July, 1953.

## Disease Control Plus Good Management Boosts Swine

LINCOLN, Neb., Sept. 13—Specific Pathogen Free (SPF) hogs are a profitable venture for the hard-nosed, energetic, open-minded hog producer, those attending the recent SPF conference at the University of Nebraska were told.

L. O. Welch, of the university's veterinary and medical department and coordinator of the Nebraska SPF program, said disease control and good management are inseparable parts of a successful, profitable swine production program.

The producer who can remember what got his hog program on shaky ground three or four years ago before going into SPF production is the producer who will be successful with SPF hogs, Welch declared.

It takes more than healthy hogs to make profitable hogs. It takes more than new barns and farrowing stalls to have 10 pig litters. And, remember that those same 10 pig litters are the "hog sense," the program coordinator stated.

Two groups of producers will not benefit greatly by going into the SPF program, Welch pointed out, but for different reasons:

"SPF pigs will not be a profitable venture for the producer who improves his methods only temporarily. Some swine producers listen attentively to advice but fail to put it into practice. They are the 'hog sense' type of producer. They need only to continue good management and restrict introduction of breeding stock to surgically derived or SPF-accredited pigs."

Welch cited figures gathered to help answer the question, "do SPF pigs gain conventional swine?" A study revealed that the average feed conversion for 1,150 hogs, barrows and gilts

throughout the first farrowing, the second, third and fourth farrowing are subjected to poorer and poorer standards and results drop off correspondingly.

On the other hand, Welch expressed the opinion that good swine producers who have been conscientious of disease prevention and sanitation would not profit greatly by selling out and starting anew with all-SPF stock.

"These good swine producers have been raising healthy, conventional, non-SPF pigs and have purchased only hogs from known healthy herds evaluated by the best methods at hand."

"They need only to continue good management and restrict introduction of breeding stock to surgically derived or SPF-accredited pigs."

# Twin Falls Farmers Urged to Obtain Data Before Overplanting Allotments

Farmers are urged to get all the facts about the 1964 overplanting their wheat allotment before they complete their 1964 seedling plans.

Carl Boyd, chairman, Twin Falls county agricultural stabilization and conservation committee, said that apparently there is some misunderstanding about certain provisions of the wheat program in the marketing quotas are not in effect for the wheat crop. The ASCS county office, therefore, is making a determined effort to get accurate information to all wheat farmers this fall, so that their 1964 seedling plans may be made with full knowledge of continuing program provisions.

According to the chairman, the provision causing the most misunderstanding is the one which the farm wheat allotment will be reduced in future years if the allotment is overplanted. This cannot be done with quotas.

From the fact that the 1964 overplanting farm will be established at a figure equal to the acreage of the higher base acreage. The base acreage is about one and one-half times the farm allotment.

This provision is spelled out in the law; it has been in effect since the legislation was enacted in April, 1958.

The provision concerns acreage allotments, and it would still apply to the operations of the wheat allotment program whether or not marketing quotas are in effect for the wheat crop.

The only difference would be that, under a quota program, the producer with a wheat acreage larger than his allotment would have an opportunity to sell the excess wheat at a price above the market price. This cannot be done with quotas.

## 94 Animals Are Sold at Minidoka Fat Stock Sale

RUPERT, Sept. 13 — The 94 animals sold at the annual Minidoka county fat stock sale this week at the Valley Livestock Commission company are the most ever sold at this event.

The previous high of 70 animals was set two years ago. The sale prices were down somewhat this year, but the quality of stock was good.

The sale is sponsored by the Rupert Chamber of Commerce to allow 4-H and Future Farmers of America members to sell their project animals.

Results are listed in order of consignors, buyer, weight and price per hundred weight.

Beef: Bill Martech, Shelby Market, Burley, 1,160 pounds, \$20; Russell Lindstrom, Idaho First National bank, 1,060 pounds, \$17; Kathy Lindstrom, Valley Livestock, 1,087 pounds, \$17; Jerry Craven, Feeders Grain Supply, 941 pounds, \$14; Martha Kramer, Ballantyne's, 1,087 pounds, \$17.50; and Gary Winesaver, Safeway, 1,024 pounds, \$17.

Becky Heinze, Independent Meat company, 1,024 pounds, \$17; Mike McCall, PCA, 968 pounds, \$18; Lois Abo, Hanel Meat company, 1,033 pounds, \$18; Garland Knopp, Idaho Bank and Trust, 907 pounds, \$18; Judith Lindstrom, Blain Nielsen, 1,000 pounds, \$18; Ron Rasmussen, Simplot Feedlot, 938 pounds, \$18.50; Randy Butler, J. R. Simplot company, 922 pounds, \$17; Steve Borenson, Don's Quality Meat, 928 pounds, \$18.50; Steve Darley, PCA, 850 pounds, \$18.

Jerry Arthur, Independent Meat company, 941 pounds, \$18; Alan Woody, J. R. Simplot company, 1,102 pounds, \$18; Debbie Heinze, Lyle Perry, 883 pounds, \$18.50; Elaine Kramer, Ballantyne's Market, 1,101 pounds, \$18; and Linda Butler, Homesteaders association, 990 pounds, \$18.50.

Lynne Rogers, Goode Motor, 1,053 pounds, \$18; Danny Hondo, Cassalia National bank, 1,058 pounds, \$18; Lynn Hunsaker, Clara Bulcane, 1,017 pounds, \$18; Ron Hunsaker, Peoples Market, 976 pounds, \$18; Louise Phillips, Idaho Bank and Trust, 879 pounds, \$17.50; Clay Jones, Trevino and Johnson, 1,019 pounds, \$18.50; and Roy Evans, Ballantyne's, 1,019 pounds, \$18.50.

Jerry Schenk, Western Seeds, 853 pounds, \$18.50; Jim Woody, Warren King Fertilizer, 1,010 pounds, \$18; Gary Anderson, Barton Auction service, 844 pounds, \$18.50; Shirley Pacer, Clayford Phillips auction, 1,024 pounds, \$18.50; Wayne Plocher, Rupert Chamber of Commerce, 985 pounds, \$18; and Richard Klawitter, J. R. Simplot, 820 pounds, \$17.

Second ground round on beef: Russell Lindstrom, Burley Livestock commission, 980 pounds, \$18; Ron Rasmussen, J. R. Simplot, 997 pounds, \$18.50; Lois Abo, PCA, 1,118 pounds, \$18; Linda Butler, Burley Livestock commission, 1,102 pounds, \$18.50; Elaine Kramer, Idaho Bank and Trust, 976 pounds, \$18.50; Hilda Klawitter, Idaho Bank and Trust, 954 pounds, \$18.50; and Jerry Craven, Chamber of Commerce, 907 pounds, \$18.

Gary Winesaver, Minidoka soil conservation service, 960 pounds, \$18; Mike McCall, Valley Livestock, 968 pounds, \$18; Gary Schenk, Cassalia National, 968 pounds, \$18.50; Clay Jones, Minidoka Pharmacy, 855 pounds, \$18.50; Bill Martech, Rupert Chamber of Commerce, \$17.50; Lynn Bohenk, \$20; and Dan Anderson, Whitesides, 747 pounds, \$20.50.

## Price Index Climbs Due To Potatoes

BOISE, Sept. 13 — The August 15, 1963, index of prices received by Idaho farmers was 254 per cent of the 1910-14 average, according to the crop reporting service.

This was two per cent above the July, 1963, index of 248 and nearly two per cent above the index of 230 computed for August of last year.

The all crops index at 254 was 17 points, eight per cent, above last month's index and was 12 points, six per cent, above August, 1962.

The increase is attributed wholly to the high average price of potatoes. Lower prices were received for wheat, oats, barley and alfalfa hay. Other crops in the index were unchanged.

The livestock and livestock products index at 253 was seven points below the July, 1963, index and five points below the index for August, 1962. Compared to a month earlier, lower average prices were received for all commodities in the index except butler, which was higher.

The broiler-feed price ratio at 2.3 for August 15, 1963, was down from the 2.4 of July, 1963, and the 3.5 of a year ago. The egg-feed ratio at 9.1 was above both the 8.5 of last month and the 8.5 of August, 1962.

The index of prices received by farmers nationally declined one per cent, three points, during the month ended Aug. 12 to 242 per cent of its 1910-14 average. Lower prices for commercial vegetables, especially tomatoes and lettuce, and for cattle and hogs contributed most to the decline.

For feedstuffs, were higher prices for wheatear milk, potatoes and eggs. The Aug. 10 index was one per cent, two points, below a year earlier.

## Corn Tour Set In Wendell Area

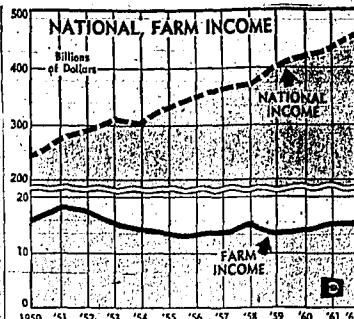

GOODING, Sept. 13 — A corn tour is scheduled for Tuesday in the Wendell area, according to Gooding county agent Edward Krenzel. The tour will start at the Nelson King farm, 1 1/2 miles west of Wendell, at 1 p. m.

Corn varieties will be checked for maturity and yields for spring and fall corn.

Since there has been more interest in corn production in Gooding county, this tour has been arranged to show new varieties and varieties in production. Any interested persons are invited to attend.

May Stuart, Feeders Grain Supply, 145 pounds, \$21; Carolyn Harrison, Cassalia National bank, 130 pounds, \$21; Calvin Pruitt, Idaho First National bank, 121 pounds, \$20; Hickey Stuart, Smith Oil company, 111 pounds, \$24; Tommy Stuart, Rupert Iron Works, 121 pounds, \$25.

Second ground round on swine: Monte Smith, Independent Meat company, 100 pounds, \$17; Gerald Croft, Don's Quality Meat, 160 pounds, \$23; David Horner, Idaho Bank and Trust, 101 pounds, \$23; and Tim Holton, 150 pounds, \$23.

COMPARISON SHOWS national income rose 83 per cent while the farmers' share of the total rose from seven per cent to eight per cent. Information was compiled by the population reference bureau.

Overplanting a 1964 wheat allotment would affect the 1966 and future wheat allotments; it would not affect the 1965 allotment since the 1964 acreage such farm by six-seventh per cent would not be available when beginning with the 1966 allotment.

## Jerome Brothers to Enter Horse in Southwest Fair

JEROME, Sept. 13 — Excitement runs high around the Larsen ranch to miles east of Jerome. The ranch is owned by two brothers, Densel Larsen and Verdis Larsen, who also own Count Chic, the cause of the excitement.

Count Chic has been invited to the New Mexico state fair for the second World Appaloosa Futurity race to be run at Albuquerque. The fair is scheduled a week in the middle of September.

Some 20-year-old Appaloosas have been invited to the race. This will be narrowed down to 12 entries.

The largest brothers have good reasons for their high hopes. Count Chic won the first part of the running of Appaloosa at Ontario, Ore., held June 15.

Two weeks later he won the 18th National Appaloosa show in Boise in the 100 (Idaho, Oregon and Nevada) futurity.

The horses in a futurity race are nominated when they were colts and run two years later. Count Chic also won both of the time trial preliminary races.

The horses granddames are the famous Appaloosas, Apache and Upset. Upset is the only horse that best Man of War, who had 20 stakes and 49 wins. Count Chic is by Chicago by Apaches and out of Jack Club mare Cortesien by Upset.

Count Chic was trained at the Larry Finney racing stables, Buhl. This is the first Appaloosa trained, although he is now training 21 thoroughbreds and quarterhorses.

Verdis and Densel Larsen farm 200 acres of new land they broke out of sagebrush 10 miles east of Jerome and one mile north. Nestled in the sagebrush is the Larsen's desert claim land, which they had to prove by drilling their wells. They farm 320 acres, watered with a submersible pump and sprinklers.

They raise sugar beets, potatoes, grain, hay and peas. Potatoes are their largest crop. Except for the help they hire in the beet and potato harvest the brothers do all of their own work.

They have a herd of 30 registered Appaloosas and quarter horses, mares and colts and two stallions, including Count Chic. Densel Larsen and his family live in Mrs. Larsen's grandmother's old home. Her grandmother is Mrs. George Larsen. She is the former Jackie Larsen, sister to Karen Larsen, Mrs. Roden America, 1962.

Verdis Larsen and his family live in the Barrymore district. Both families hope to build homes on their new land west of Count Chic wins at New Mexico, they will build their homes this year.

## Program Closed

Carl Boyd, chairman, Twin Falls ASO committee, announces the closing of current agricultural conservation program.

The program includes such practices as grass seedling, land-leveling, installation of pipelines and contour lined ditches. All funds have been obligated.

er's old home. Her grandmother is Mrs. George Larsen. She is the former Jackie Larsen, sister to Karen Larsen, Mrs. Roden America, 1962.

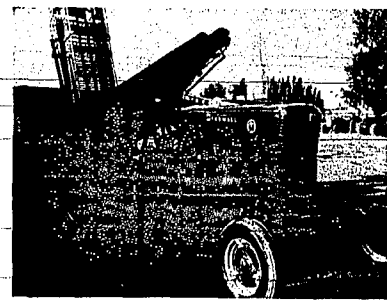

Verdis Larsen and his family live in the Barrymore district. Both families hope to build homes on their new land west of Count Chic wins at New Mexico, they will build their homes this year.

## MEAT TOTAL RISES

WASHINGTON — Sept. 13 — Commercial production of meat during July was 2,356,000 pounds, up six per cent from a year earlier and five per cent above the June output. Total production for the first seven months of 1963 totaled 16,827,000 pounds.
